

WISH UPON A WEDDING

OUR WISHES

Wish Upon a Wedding is a 501(c)3 nonprofit that grants wedding and vow renewals to couples facing terminal illnesses or life-altering health circumstances. We believe that everyone deserves to share in one of life's great experiences - sharing a wedding ceremony with the people they love most.

We provide couples freedom from the financial burden and time commitment that planning a wedding entails, allowing them space to focus on their treatments and spending time with loved ones. We aim to celebrate their love for one another and bring them hope and joy in the midst of their hard journey.

As of 2023, we've been able to grant more than 230 weddings and vow renewals all across the country through the generosity and kindness of individuals, in-kind wedding industry professionals, corporate sponsors, partnerships and marvelous volunteers.
